177 Middletown Rd, Suite 5
Fairmont, WV 26554
(304) 413-1860

Dear Valued Patient,

We are excited to announce we have extended our special Community Hearing event taking place in your local Fairmont office **through November 20th!**

Do you have difficulty understanding conversations in noisy environments, such as restaurants or social gatherings? During this special event, we'll be showcasing the latest in digital hearing technology, including live demonstrations of how recent advancements, powered by AI, can make conversations easier to understand in any environment.

Now is the time to find out whether the difficulties you're experiencing with your hearing are due to hearing loss or maybe just earwax. While the majority of people over the age of 50 have some degree of hearing loss, many ignore the signs until that loss becomes severe. We believe monitoring your hearing health should be easy and affordable which is why for this special only event we will be providing **complimentary hearing health services** to all who make an appointment!

Common hearing frustrations include: frequently asking people to repeat themselves; turning the TV up to a high volume; persistent ringing or buzzing in your ears. If you or a loved one has experienced any of these symptoms or others, we invite you to call our office today to schedule your one-on-one appointment with one of our Doctors of Audiology.

There is no catch! There is absolutely **no cost or obligation** during this special event! We are providing this service because it is our mission to better the hearing health of our community members. We also serve UMWA and Worker's Compensation.* Appointment space is limited, if you are interested in determining the cause of your hearing difficulties call today!

Sincerely,

The Team at Nardelli Audiology

As Our Thank You,

the first 20 callers who come in during this special event will receive a **FREE state-of-the-art ear cleaning!**

Appointments are expected to fill quickly. Don't miss out!
